2025 GivingMatters.com Capital Campaign Report

Since 2007, GivingMatters.com has produced a **Capital Campaign Report** to further the program's mission of informing and enriching philanthropy in Middle Tennessee. As we have grown alongside technology, this report has evolved and is now compiled by data extracted directly from GivingMatters.com every time it's processed, in real-time, from 1,636 nonprofits throughout Middle Tennessee. To see when this copy was generated, please check the date stamp located at the bottom right of each page. To view the most recent data within GivingMatters.com, check back often at <https://givingmatters.civicore.com/capitalCampaign>.

The purpose of the Capital Campaign Report is to:

- announce new campaigns to local funders;
- give donors an update on funds raised-to-date in ongoing capital campaigns;
- provide information on recently completed campaigns;
- share preliminary plans for capital campaigns in the next three years; and
- note trends over time in Middle Tennessee.

A capital campaign is defined as a fundraising effort beyond annual operating or program budgets, which is focused on the purchase of a permanent asset (land, building, major equipment) or a major renovation project. Endowment campaigns may also be part of a capital campaign.

This year's report includes details from **64 organizations that self-reported involvement in current capital campaigns**, as well as how much was raised in **25 campaigns that were completed in 2024**.

Additionally, there are **267 campaigns that are expected to be launched in the next three years**.

GivingMatters.com is an online resource that informs, empowers, and enriches charitable giving in Middle Tennessee. GivingMatters.com furthers the cause of philanthropy in our region by promoting nonprofit transparency and putting nonprofit information at the fingertips of donors, volunteers, and community members.

Angel Heart Farm, Inc.	Human Services	The purpose of AHF's capital campaign is to purchase the currently leased farm in Williamson County. AHF serves children and their families with cancer using equine assisted in conjunction with their medical treatment. AHF is the only program of its kind in the Southeast . AHF serves children and families from St. Jude's, Vanderbilt and TriStar Children's at no cost. Part of our mission is also nurture families in a safe, loving and caring peaceful environment away from the hospital four white walls. Being in a serene setting enables all people to rejuvenate, destress and be connected with nature. The leased property has been offered to us at purchased price of 1.4 million. The value of property has doubled in two years and this investment plays a major role in the longevity of	TN - Williamson, TN, TN - Davidson, TN - Wilson, TN - Dickson, TN - Sumner	\$1,400,000.00	\$172,500.00	October 2022

The farm is also used for parents night out, celebration of life events, cancer awareness events and community service projects. This property has given hope and solace to many families in their time of battle.				
Arts & Business Council of Greater Nashville Inc.	Arts & Culture	Friends of Shelby Park and Bottoms and the Arts & Business Council of Greater Nashville have partnered in a unique collaborative campaign to revitalize the U.S. Naval Reserve Training Center, a historic community asset located on the western entrance to Shelby Park and Bottoms, and to reimagine it as Shelby Commons, a new parks, arts, and cultural center for all of Nashville to experience. https://www.friendsofshelby.org/shelby-commons	TN - Bedford, TN - Cannon, TN - Cheatham, TN - Davidson, TN - Dickson, TN - Maury, TN - Robertson, TN - Rutherford, TN - Sumner, TN - Williamson, TN - Wilson, TN - Hickman	\$18,000,000.00	\$4,230,480.00	January 2023
Blue Monarch	Human Services	We have developed a master plan for expansion that includes a multi-purpose building, an additional eight-family residential home, a daycare, and a commercial granola kitchen. The multi-purpose building will include a recreation area/large event space, commercial kitchen for events and group meals, exercise room, indoor track, multiple classrooms, children's play area, library, music room, computer lab, storage for donated clothing and supplies, staff offices, and a conference room. Moving classrooms and offices from their current location will allow us to turn existing rooms into living spaces for families. With the addition of another eight-family home and 5 new family spaces from existing rooms, this expansion will allow us to serve 40 families annually, which totals approximately 120 women and children. Charlies Angels Saving Animals Inc	Animals	The purpose of our capital campaign is to purchase a large facility to operate our low-cost spay/neuter clinic and high-volume rescue transport hub. We currently operate out of a small, rented space. Our transport program helps animals from 32 counties in Middle TN and West TN and we have transported over 7,600 animals out of TN since our start date on 4/21/21. We began operating a low-cost spay/neuter clinic on 2/26/22, and we have since altered over 4,300 animals for our transport partners and local shelters and rescues. Our goal is to reduce the number of unwanted companion animals in TN via transport and spay/neuter. A larger space will allow us to operate our transport hub and low-cost clinic simultaneously, thereby saving more lives. Colby's Army Inc	Human Services	To build a 70' x 110' multi-purpose covered area that we can use for therapeutic riding, special events, clinics and workshops, community meetings, special events, fund raisers, etc. The past few sessions we have had to cancel an average of 50% of our therapeutic riding lessons due to wet or hot/sunny weather. A covered area would eliminate those cancellations. We also have had to decline invitations to hold community events at our facility, since we do not have a space large enough. And, our annual yard sale fundraiser needs to grow and expand, but cannot do so until we have more covered area. Our space	TN - Davidson, TN - Cheatham, TN - Dickson, TN - Robertson, TN - Rutherford, TN - Sumner, TN - Williamson, TN - Montgomery	\$180,000.00	\$5,000.00	July 2024

Cookeville Rescue Mission, Inc.	Youth Development	Due to the rise in the number of homeless individuals in the Upper Cumberland region, the Board of Directors determined that the expansion of the capacity of the Cookeville Rescue Mission could serve as a partial solution to addressing the chronic problem in the community. The capital campaign is designed to acquire property (completed September 2019) to be outfitted to accommodate up to 150 individuals in emergency shelter and transitional housing facility. Creative Girls Rock	Arts & Culture	In late 2019, over one dozen nonprofit organizations came together to discuss needs in the Bordeaux community and gaps in services for residents. Those conversations progressed virtually as the pandemic hit and in 2021 four organizations agreed to move forward toward something new. Today, two organizations stand together determined to build a facility for the Bordeaux community to thrive. This partnership will provide resources to the community, share information and connect individuals and families to services, and create a shared space for the residents of Bordeaux and North Nashville similar to community centers other Nashville neighborhoods currently enjoy. Similar to nonprofit shared spaces or resource hubs in other areas of town (Youth Opportunity Center on Charlotte Avenue and Casa Azafran on Nolensville Pike), the Bordeaux Collaboration will not only connect residents to needed help, but also allow the two agencies housed there to become a greater part of the community and work daily with the residents to help meet growing needs and emerging challenges.		\$7,000,000.00	\$4,500,000.00	January 2022
Cumberland Heights Foundation, Inc.	Health	Recovery in Community is a three-part initiative to enhance patient care and further Cumberland Heights' mission of transforming lives for future generations. The first project is a new ARCH Academy campus specifically designed to serve adolescent females, ages 14-18, who are struggling with substance use disorder. The third project is the construction of a new Women's Residential and Therapeutic Complex. These new complexes were designed in consultation with Cumberland Heights' clinical staff to encourage the growth of communities among patients, implement needed safety precautions, and remove barriers to early recovery. Cumberland Heights is seeking \$36 million in investments and private philanthropic support to fund the entire initiative. Creating these spaces will foster healing, community, and growth, allowing lifelong recovery to take root. The value of the impact of this initiative is immeasurable, for it will ensure Cumberland Heights' quality care will be available to help future generations thrive in recovery throughout their lives.</p>				
Deer Run Retreat Center	Religious Institution	<p>God opened a door and provided the way for us to purchase an additional 56 acres of adjoining property to expand and reach more people for His kingdom. Currently we are installing infrastructure on this additional property (our west campus) - water, sewer, and underground electric lines - and we are remodeling existing facilities on the property so they can be useful for camp expansion. We estimate that approximately 12 to 15 million dollars is needed in the next three to five years to sustain our growth. For two summers, nearly all our camp sessions have been full and have waiting lists. Thus, we need more facilities and more recreation options. This is the largest opportunity in our 24-year history that God has given us - we do not want to miss it! • Road improvements and 18 cabins • basketball gym, swimming pool, pickleball courts, wiffleball field, and sand volleyball • The Refuge: a multi-purpose building with 500-seat auditorium, 400-seat dining hall with commercial kitchen, health center, and additional small meeting space</p>	KY, TN, National	\$15,000,000.00	\$500,000.00	November 2022

Phase 2 will include a 37,000 square foot building with a lobby area, four large recreation rooms, a full-size gymnasium, caterer's kitchen, an entertainment room, and a sensory room. The property will be further enhanced with a large gathering space for outdoor movies and watch parties, a splash pad, an adaptive playground, a covered sports court, a garden of dreams and a Miracle League Baseball Field. The design will be state-of-the-art and cutting edge to meet the needs of all individuals with disabilities. It will be a place where new and innovative ideas will be implemented, and our participants will be as comfortable and independent as possible.</p>	TN - Franklin, TN - White, Other			
F.A.I.T.H. Cancer Care Foundation	Human Services	<p>Our goal is to build a full-service respite, relief, recess and relaxation "bed & breakfast" type retreat facility where we will welcome women with cancer - before, after and during treatment - for day visits and 4-night stays, year around. This will be a place for women to disconnect from the everyday life with cancer in order to focus on their health/healing/wellbeing, share experiences, fellowship with others facing cancer, cultivate personal introspection, and experience a deeper connection with oneself while starting the healing process ... mind, body & spirit. During the respite stay guests will be able to experience a range of complementary, holistic services, therapies, and activities, such as oncology massages, healing touch & sound therapy, gentle movement exercises and various workshops as well as nutrition education, expressive writing, journaling, guided meditation, group and/or individual counseling will be available. Our guests may also choose to sit back and simply enjoy some free time: Go for a swim in the pool, relax in a jacuzzi, take a walk, or just sit out on the porch, reading a book in a rocking chair.</p>	National	\$1,500,000,000.00	\$29,781.03	May 2023

In a key breakthrough in April 2022, our landlord generously donated to FAF our 20,000 square-foot building and the 5 acres of land on which it sits, at an appraised value of \$2.5 million, to complete the first two phases of our Capital Campaign. FAF has used that property as collateral to finance a note of \$1.875 million, so that we could engage Refrigerated Warehousing, Inc. of Jasper, GA, to complete Phase 3 by constructing an 8,400 square-foot cooler/freezer. The project is scheduled to break ground in July 2022. Despite an uncertain economic landscape, FAF feels a great urgency in building this cooler/freezer now because the hungry still need to be fed in these uncertain economic times. The food supply has been so abundant, and we anticipate being able to impact our host communities in more powerful and nutritious ways by providing more fruits and vegetables, meat and dairy, and frozen prepared meals.</p>	<p>Franklin, TN - Giles, TN - Hickman, TN - Humphreys, TN - Lawrence, TN - Lewis, TN - Lincoln, TN - Macon, TN - Marshall, TN - Maury, TN - Montgomery, TN - Putnam, TN - Robertson, TN - Rutherford, TN - Smith, TN - Sumner, TN - Van Buren, TN - Warren, TN - Wayne, TN - White, TN - Williamson, TN - Wilson</p>			
FiftyForward/Senior Citizens, Inc.	Human Services	<p>The Bordeaux Collaborative is the construction of a community hub located in the Bordeaux/North Nashville neighborhood in mid-2024. FiftyForward's partner in the Bordeaux Collaborative, Creative Girls Rock, seeks to educate and empower young girls and women to utilize their creative talents to enhance their lives and the world around them. The new center, the first community hub in Bordeaux, will house both FiftyForward and Creative Girls Rock, and will allow the agencies to serve more young people, families, and seniors in one of Nashville's most underserved communities, which is home to approximately 40,000. Connecting seniors, young children, and families to vital resources like mental health support, food access, and more will be at the heart of the Bordeaux Collaborative, directly fulfilling the missions of both FiftyForward and Creative Girls Rock. The new center will feature a flexible space which will include a third set of offices and shared space, designed to offer other local nonprofit agencies and metropolitan social services agencies the opportunity to be on-site weekly, bi-weekly, or monthly to provide essential connections and services to the community.</p>	<p>TN - Davidson, TN - Williamson, TN - Rutherford</p>	\$7,000,000.00	\$4,600,000.00	March 2022

Through this initiative, we will develop two strategic hubs - one in East Africa and one in the United States. The Kenyan entrepreneur center will allow us to expand our work, attract East African talent, incubate businesses throughout the region, and create substantial employment in the local community. The Nashville entrepreneurship center will focus on business incubation and workforce development for under-resourced communities. These will enable us to enhance the quality of our programs and outcomes, reduce costs, deploy our work into U.S. communities, and dramatically scale our work to impact more people. These strategic steps alongside general operational growth will enable Flint to respond to the urgent needs of families around the world.

Inspiritus Inc.	Human Services	Inspiritus identified a pressing need for affordable senior housing in the neighborhood close to essential programs, social services, and community support networks. Census data shows that more than 17,000 older adult households in Nashville live in unaffordable, inappropriate, or overcrowded housing conditions. To address this need, Inspiritus is embarking on an ambitious \$35M redevelopment project to transform its North Nashville church and food pantry site into 9,000 square feet of program space to grow our Empowerment Programs' operations and provide 80 units of high-quality, accessible, and affordable housing for adults aged 62+ and disabled individuals. This funding request will support this initiative. To date, the project has secured \$18M in 9% competitive tax credit allocation from THDA, a \$2.5M grant from the Barnes Housing Trust Fund, \$1M grant from the Federal Home Loan Bank of Cincinnati, and \$9.25M in Section 202 PRAC funds. Nashville Classical Charter School	Education (excluding Colleges/Universities)	We are preparing to purchase and repurpose the old Brookmeade Elementary, which a local foundation currently owns. The total project, including acquisition and renovation, will cost approximately \$22 Million with \$3.5 Million of renovations already complete. We plan to finance construction using a 30-year fixed rate loan from the Equitable Facilities Fund, a nonprofit focused on helping high-quality charter schools grow and expand. The facility will help us to double our enrollment, serve students in every zipcode of the city, and prove diverse schools are possible in Davidson County. The facility also means we can give our students and families the experience they deserve, including fields, a dedicated gymnasium, spacious classrooms, teacher workspaces, and more! Primer Academia De ABC Spanish Immersion Program Inc.	Education (excluding Colleges/Universities)	Since Primer Academia opened, our dream has been to find a permanent location to call home, but many places have either been too expensive or need too much work. Then, in the spring of 2022, the opportunity arose for Primer Academia to purchase their current location - Faith Christian Reformed Church, in Nippers Corner in South Nashville. Currently, The amount we are fundraising is \$1.5 million, to purchase the property, on Old Hickory Boulevard, and make the renovations needed in the existing building, in order to seek Licensing to open a Preschool and Kindergarten. Then we will build a new building, next to the existing building, with a cost of \$2.5 million, in order to fully house a Preschool & Kindergarten. As it stands currently, the Church needs a fair amount of renovations in order for Primer Academia to pass inspection to be able to operate a full-time preschool & Kindergarten on that location. Therefore, we are currently operating as a "Mother's Day Out" program part-time out of this location hoping to renovate and pass the required inspections, to operate as an accredited Preschool & Kindergarten. Refuge Center for Counseling	Health	With the need for counseling services at an all-time high, it is imperative that The Refuge Center build a larger, permanent home with the help of generous community partners. With your help, The Refuge Center could serve significantly more in our community, 5000 clients in 40,000 counseling sessions, in this new home and with our collaborative nonprofit partners throughout Middle Tennessee and beyond. Imagine the impact of this many changed lives? Our clients share what this means for individuals, couples, children and families right here in our community. 		is not always just about "more" and "bigger" but is also about deeper and richer. Because of this, The Refuge Center's 15,200 square foot facility and campus will be a holistic facility that is a physical manifestation of our culture of compassionate care. Plans include spaces like a prayer chapel, walking trails, a healing garden, and a large multi-purpose room for seminars and group activities. If you have questions about this new facility, please visit our FAQ page or reach out to us. We are happy to talk to you.

Saint Joseph School	Education (excluding Colleges/Universities)	PHASE I: Site Work, Playground, Parking and Play Field The site work will improve security for our school children by relocating the playground to be flush against the school. This will address long standing security issues of students crossing a parking lot every day for recess and outside play. It will also add additional green space and fully utilize our entire property. Parking accessibility will increase with the addition of two new parking lots. The new parking lots will eliminate the need to park on the street during holiday services and large events. Due to the environmental impact of all our campus improvements, we are required to install two stormwater retention tanks under the athletic field and new parking lots. Completing the necessary site work in Phase 1 will also bring St. Joseph one step closer to our goal of constructing a new multi-purpose building. Smyrna Senior Citizens, Inc.	Human Services	The purpose of the "Building on the Legacy" capital campaign for the Senior Activity Center of Smyrna is to raise \$6 - \$8 million dollars to build a new, state-of-the-art Senior Center for the senior population in Smyrna and surrounding communities. With more than 700 members on the role in a 4400 square foot facility that has a capacity of 200 people at any given time, our plans are to build a 13,500 square foot building that will accomodate up to 500+ people at any time. We will add space that includes a large meeting area that will allow us to have big events for 250-300 people, an exercise room, a room for pool and ping pong tables, a room for line dancing and music, a commercial kitchen so we provide meals for our members and a large, screened-in porch. Tennessee Justice Center	Health	TJC has engaged in a capital campaign to raise funds for the acquisition and renovation of a permanent office space for TJC. The chosen location is 155 Lafayette Street, a derelict liquor store across from the J.C. Napier Homes, a legacy public housing project that is surrounded by some of the most concentrated poverty in the city. This location will advance TJC's justice mission by enabling TJC, through the "power of proximity", to learn from and be inspired by those we serve. Since its inception, TJC	TN - Tennessee (Entire State)	\$7,500,000.00	\$5,113,492.70	December 2020

		has kept its overhead low by occupying the cheapest office space available in proximity to the courts, legislature, and government offices. We have moved from one space to another, regularly being displaced as buildings were renovated and rents increased beyond what we could afford. Working from home during the pandemic reinforced the idea that there is an energy and synergy which can only be achieved by working together in a common space. TJC is at its best when staff, clients, and volunteers can work together and feed each other's excitement, energy, and creativity. Our space is an important element in our training and mentoring of our volunteers, interns, and full-time fellows.				
Tennessee Performing Arts Center	Arts & Culture	This capital campaign is an inflection point not only for TPAC but also for the future of the arts in Tennessee. Building a new performing arts center for the 21st century is an artistic, educational, and economic imperative. TPAC has embarked on a capital campaign, "Be Bold. Build TPAC." with a goal of raising \$100 million to build a new home and help ensure the future of the performing arts in Nashville. A new, state-of-the-art facility will allow TPAC and its resident companies, Nashville Ballet, Nashville Opera, and Nashville Repertory Theatre, to continue to bring world-class performances and educational outreach programs to Tennesseans. Tennessee Pharmacists Research and Education Foundation	Education (excluding Colleges/Universities)	The primary goal of the Building Tennessee's Pharmacy Future campaign is to raise necessary funds to aid the Tennessee Pharmacists Research and Education Foundation (TPREF), a 501(c)(3) subsidiary of the Tennessee Pharmacists Association (TPA), in transforming the potential of our association into reality through the purchase and renovation of the Center for Tennessee Pharmacy. The Center for Tennessee Pharmacy, located at 1732 Lebanon Pike Circle in Nashville, Tennessee, will serve as a hub of educational, organizational, and community activity for TPA members and the public. Through this campaign, you have a unique opportunity to join pharmacy colleagues, friends, and advocates in making an important investment in our	TN	\$750,000.00	\$315,000.00	January 2019

Travellers Rest Historic House Museum	Education (excluding Colleges/Universities)	Travellers Rest launched a capital campaign, the first in thirty years, to raise money for the following three projects. Each activity is foundational to providing history education for the adults and children who live in and visit the Nashville, Tennessee area. Our goal is to complete three major projects by the celebration of our nation's 250th anniversary in 2026. 1. Stabilize and preserve the historic buildings on the property 2. Complete a master site plan to improve access and space use 3. Secure more permanent funding sources for educational staff To ensure that the campaign is successful, Travellers Rest seeks support from local, state and federal government agencies, private foundations and individuals. Turnip Green Creative Reuse	Environment	A new building will ensure that we have a permanent home and allow us to increase creative experiences and sustainability education for our community, while decreasing the amount of valuable materials going to the landfill.	TN - Davidson, TN - Williamson	\$1,000,000.00	\$345,000.00	January 2019
Union University	Colleges/Universities	The goals of the campaign are threefold: 1) Boosting Scholarships 2) Enhancing Academics 3) Expanding Facilities. We anticipate a need of \$80 million to accomplish these goals - \$40 million for the buildings and other campus improvements, \$20 million to grow the endowment and provide for additional endowed chairs, \$10 million in planned and testamentary gifts and \$10 million in unrestricted giving to the Union Fund that allows Union to continue operating at a high level and providing the services to students that must be available for ongoing recruitment.	TN	\$80,000,000.00	\$42,300,000.00	August 2022
Vision 2020 Inc	Community Improvement	The purpose of our Capital Campaign is to raise funds for the restoration of the 1929 RBS Bank building and to establish a Heritage Museum for our Community.	KY, TN - Macon, TN - Clay	\$150,000.00	\$72,822.02	December 2012
We Are One	Health	The purpose of the capital campaign is to establish Tennessee's first LGBT+ multifaceted SUD recovery center, a groundbreaking sanctuary that goes beyond in-patient treatment. This center will provide a comprehensive haven for holistic healing, empowerment, and pioneering programs specifically designed for the LGBTQ2IA+ community/allies. This inclusive space aims to fill a significant gap in the current healthcare landscape, recognizing the unique challenges faced by this underserved marginalized population. Inclusive job skills programs to foster sustainable careers & a community-centric approach to care. Additionally, the campaign will fund the Trans Help/Hope Hotline, offering crisis intervention and a direct link to local resources. It will also support the launch of Re-UP-Cycle Thrift Store, promoting sustainability & job skills training. These initiatives, alongside the Queer Café and Nails-Hair-Heels salon, will cultivate self-care, community connection, and financial independence for clients. Each element is integral to our mission, fostering a supportive environment where LGBTQ2IA+	TN - Davidson	\$9,500,000.00	\$0.00	March 2024

		individuals can thrive.
