

## Meet your CFMT Relationship Manager

# Jenni Moscardelli

A lifelong Nashvillian, Jenni loves meeting new people and walking alongside them in their philanthropic journeys. At CFMT, she partners with individuals, families, and fundholders to help bring their charitable goals to life. She is passionate about connecting donors with opportunities that reflect their values and is continually inspired by the generosity that shapes Middle Tennessee.

One of her favorite roles at CFMT is serving as a Girls Give fundholder, where she helps empower the next generation of philanthropists through collective giving, learning, and volunteering. This work reflects Jenni's belief in cultivating purpose across generations and nurturing lifelong habits of generosity.

With both children now in college, she is embracing a new season of life, enjoying time outdoors hiking and golfing, as well as exploring new destinations through travel.

### Fun Facts about Jenni

#### What's your favorite part of working at CFMT?

My favorite part is working with staff and a community that is curious about new ideas and conversations around solutions. Every week is filled with opportunities to learn and connect with Middle Tennesseans who care about our community.

#### What is your go-to way to unwind after a long day?

Radnor Lake. The water and wildlife are an invitation from Mother Nature to reset. A hike up Ganier Ridge or a stroll around the lake are my favorite way to end a day.

#### Is there a destination still on your travel bucket list?

I love to soak up the landscape of a new location. My bucket list trip is Iceland, which I plan to visit for the full solar eclipse in August 2026.

#### What's a memorable cultural experience you've had?

The InterNASHional Night Market hosted by Tennessee Immigrant and Refugee Right Coalition (TIRCC). A night of delicious food "featuring immigrant owned restaurants, local cultural performers, and a welcoming environment of culture and community."

#### Favorite live music venue:

The Ryman and any outdoor concert. The smaller the venue the better.

#### Favorite Quote:

Instructions for living a life: / *Pay attention.* / *Be astonished.* / *Tell about it.*  
"Sometimes, IV" by Mary Oliver.
